

# VERSO TUTORIAL

## How to search for Books, DVDs, Audio Books, and Magazines

The inter-library loan van deliveries are being suspended during this time. To assist you in navigating our items, this tutorial will help you find what's available at the Soldiers Grove Public Library, and will show you how to place something on hold so you can come pick it up. Follow the red arrows on the screen shots below.

To get into the catalog, click on "SEARCH OUR CATALOG":

Next you will see the "Please Login" prompt to the top right side of the screen:

Next, you will enter the 14-digit barcode number and the personal password. The barcode number is on the back of your library card. The first time you log onto your account you will be asked to enter 'usperpass' (all lowercase) as your password, and then you will create your own password. Once you're logged on you can start searching and place holds on items. Please email [sglibrarystaff@swls.org](mailto:sglibrarystaff@swls.org) if you have forgotten your bar code or password.

The following instructions will help you find what's available at the Soldiers Grove Public Library. Since we aren't offering inter-library loans at this time, the holds you place should only be for items owned by us. First we'll show you how to look for specific titles, authors and subjects. Secondly, we'll show you how to browse through different collections and sort the results.

1. To search by title, author or subject: Enter the name of book or DVD, an author's name (e.g., Vonnegut, Kurt) or a subject in the search field at the top of the page:

If you were to search for books by Kurt Vonnegut, you would get a list of all books within the Southwest Library System. To narrow your search to just what is located at Soldiers Grove Library, click Modify Search.

Now you're on the Advanced Search page. Scroll down to 'Filters.' The second drop-down menu under Filters is 'Libraries.' Click the arrow to show the options:

The new results will show only what we have at the Soldiers Grove Library. If a record says '(1 of 1 available)' it is available to be checked out; if it says '(0 of 1 available)' it is checked out already and you may have to wait longer to check it out yourself.

When you find something you'd like to reserve, click on the image of the book or DVD or click the blue text reading 'Book', 'DVD', or 'Audio Book' :
